Be at your bus stop 5 minutes before your pickup time. Waiting for you could make everyone late for school.
Riding the School Bus Guidelines

1. School bus transportation is a privilege and not a right. The bus driver is the sole authority on the bus while students are being transported. It is most important that each student cooperate with the bus driver and practice safe bus riding habits at all times.

2. Parents’ responsibilities include:
   a. the safety of their child while going to or from the bus stop and while waiting for the school bus;
   b. their child being at the bus stop at least five (5) minutes prior to scheduled pick-up time;
   c. damage to school buses, personal property, or public property.

3. Students are expected to conduct themselves in a proper manner at school bus stops. Behavior must not threaten life, limb, or any individual. The District will not enter into neighborhood disputes involving parents and/or students concerning matters that take place prior to the student boarding the school bus, or after the student has disembarked from the bus on his/her way home. Students must leave unloading areas as soon as possible.

4. Students will ride only assigned school buses in seats assigned by the bus driver and will board and depart from the bus at assigned bus stops. Principals may authorize transportation of a school-age visitor to the home of a regular school bus passenger upon proper parental authorization (written request) on a space-available basis which does not displace regular riders.

5. A change in a student’s regular assigned bus stop may be granted for a special need, if a note from a parent is submitted to the building principal stating the reason for the request and the duration of the change and the principal and Transportation Director approve.

6. A permanent transfer to another route or bus stop for morning pick-up and/or afternoon drop-off will only be made upon the approval of the Transportation Director.

7. Students shall cross all streets at least ten (10) feet in front of the school bus and after the driver has signaled the student that it is all right to do so.

8. For the safe operation of the school bus, noise on buses shall be kept at a minimum with students speaking in reasonable conversation voices. Students must be quiet at railroad crossings and other danger zones as designated by the bus driver.
   a. Students are not allowed to bring their own radios or tape recorders on the bus.
   b. Both the use of a bus am/fm radio and the station or programs which students listen to must be approved by the Transportation Director.

9. Students shall remain seated while the school bus is in motion and keep all parts of their bodies inside the bus. Students shall keep main bus aisle clear at all times.

10. Students shall not throw items inside of the bus or out of bus windows or doors and should not hold anything so that it extends out of the bus window.

11. Students must not tamper with or open a school bus emergency door unless directed to do so by the driver.

12. Selling or trading items on school buses is prohibited.

13. Eating, drinking, or littering is not permitted on a school bus.

14. Possessing, using, or selling tobacco is strictly prohibited on a school bus.

15. Abusive or profane language must not be used.
16. The following cargo is forbidden on school buses: pets, alcoholic beverages, illegal drugs, look-alike drugs, ammunition, explosives, firecrackers, firearms, knives, look-alike weapons, water dispensers, electronic games, pagers, cellular phones, glass containers, or any other dangerous materials or objects. If there is a question on the transportation of a particular item, the Transportation Director should be consulted.

17. Materials that could be dangerous that are used for student projects or physical education classes should be transported by parents to and from school: e.g., live creatures, arrows, or any other forbidden school bus cargo.

18. Students will remain on their original bus if it is a shuttle bus going to his or her school of attendance.

19. Students waiting for shuttle buses must wait in areas assigned by the principal.

20. Students will not leave school grounds between bus transfers.
