Tri-Valley Local School District

Student Discipline Code

Philosophy

The Tri-Valley Local School District believes that discipline is essential to the educational process. This has been made more evident by recent local, state, and national surveys of students, parents, teachers, and school administrators who have identified discipline as the number one school concern. Although positive strategies to promote discipline are practiced daily by all Tri-Valley personnel, the following discipline code was devised so that all concerned parties will have a clear understanding of the type of behavior expected of students in our schools. Hopefully, an increased understanding will reduce the need to use punishment and will foster improved discipline in our schools.

Student Conduct Guidelines and Scope of Jurisdiction

This code of conduct is in effect while students are under the authority of school personnel or involved in any school activity. This includes but is not limited to school buses and property under the control of school authorities, and while at interscholastic competitions, extracurricular events, or other school activities or programs.

In addition, this code of conduct includes misconduct by a student that occurs off school district property but is connected to activities or incidents that have occurred on school district property, and misconduct by a student that, regardless of where it occurs, is directed at a district official or employee, or the property of an official or employee.

1. Disruption of School

A student shall not by use of force, violence, coercion, threat, or other means, cause a disruption or obstruction of the regular operation of the school or school activities. Conduct which materially and substantially interferes with the educational process is prohibited. In the event of the creation of disorder at the school by any student or group of students, the administrator shall give the person or persons five (5) minutes to desist and return to classes. Failure to comply shall result in suspension and removal of the student or student from the premises.

2. Damage or Theft of Property

A student shall not steal or cause damage to, or attempt to steal or cause damage to property. The Tri-Valley Middle School and High School request that all students must be responsible for their school and personal properties. *The school will not assume responsibility for student bookbags, textbooks, money, jewelry, electronic devices, etc. left unattended. Prohibited articles/items lost or stolen may not be subjected to a thorough investigation.* All valuables should be secured in a locked locker both in the hallways and/or locker room. Students using the locker room should not leave any articles of clothing or footwear unattended or in the unlocked lockers. All valuables should be given to the teacher/coach for safekeeping.

3. Fights

No student shall intentionally make unwanted contact or use any other violent actions or verbally initiate a fight with another. In the event of a physical altercation between two or more students, all participants may be suspended including those who use violent behavior as a form of retaliation.

4. Assault or Attempted Assault

No student shall physically or verbally attack another. Nor shall any student make an apparently violent attempt or willful offer with force or violence to do hurt to another, even though the act is not carried out.

5. Extortion

No student shall use force or intimidation to gain privileges, property, or money from another.

6. Dangerous Weapons and Instruments

A student shall not possess, handle, transmit, or conceal any object, including look-alike objects, which could be used as a dangerous weapon, or cause injury to other persons. This prohibition includes chemicals, firearms, explosives, or fireworks of any type.

7. Tobacco

A student shall not possess, use, or attempt to use, tobacco or related paraphernalia of any type.

8. Narcotics, Alcoholic Beverages, Drugs or Drug Paraphernalia, and Look-Alike Drugs

A student who has possession of or uses drugs, look-alike drugs, hallucinogens, volatile chemicals, or alcohol shall be suspended from school. A student who is selling or distributing drugs, hallucinogens, volatile chemicals, or alcohol may be expelled from school. A complete report of all incidents involving narcotics, drugs, or look-alike drugs shall be filed with the police department. Students who must have prescription drugs in their possession shall notify the office on entrance into school.

9. Degrading Acts

A student shall not engage in an act which degrades himself-herself or others. Obscene gestures, actions, words, possession or circulation of pictures, writings, or publications, etc., which are degrading or obscene are prohibited.

10. Non-Compliance with Directions of Administrators, Teachers, and Other School Personnel (Insubordination)

Students shall obey all lawful instructions of administrators, teachers, substitute teachers, teacher aides, bus drivers, and all other school personnel who are authorized to give such instructions during any specified period of time when the students are subject to the authority of such personnel.

11. Transportation

Students riding buses shall abide by all the guidelines set forth in the Tri-Valley Local School District Student Conduct Code for Transportation.

12. School Attendance

All students enrolled in the Tri-Valley School District are required to attend school daily. Students are required to attend all regularly scheduled classes unless officially excused therefrom.

13. Appearance

It is the schools' responsibility to provide the best educational opportunity for the students. It is the parents' responsibility to see that students come to school in reasonable and acceptable attire. Students have very definite obligations and duties when attending. No student shall set for himself/herself a course of conduct which is detrimental to the equal opportunity of others to learn. Compliance with reasonable guidelines of dress, conduct, and respect for teachers and administration is a duty of every student. Any dress or appearance which clearly constitutes a threat to the health and safety of students or disrupts the educational process shall be prohibited.

14. School Publications

Publications such as the student newspaper, literary magazine, and year book are connected to the overall school program and subject to editorial control by the school's authorities.

15. Trespassing or Loitering

Tri-Valley students shall not loiter on school grounds or enter school facilities unless participating in or attending a school sponsored activity. This guideline applies also to hours in which school is not in session. During or after school hours, no student shall be present in an unauthorized place, or on school property and refuse to leave when told to do so, by school or law enforcement personnel.

16. Use of Profane or Abusive Language

A student shall not use any profane or abusive language.

17. Unauthorized Use of Fire and/or Arson

The intentional attempt to set a fire on school grounds, on school buses, or at school activities is not permitted, and shall result in suspension or expulsion and filing of appropriate legal charges. This includes any incendiary devices, not limited to lighting matches or lighters.

18. Threats to Staff

No student shall threaten, intimidate, nor use obscene or profane language to a member of the staff. Staff is interpreted to be any employee of the Tri-Valley Board of Education.

19. Student Hazing, Student Harassment, and Bullying

Hazing, as defined in Policy #5516, is the performing of any act or coercing another, including the victim to perform any act of initiation into any class, team or organization that causes or creates a substantial risk of causing mental or physical harm.

Intimidation, is defined as, but not limited to, any threat or act intended to tamper, substantially damage or interfere with another's property, cause substantial inconvenience, subject another to offensive physical contact or inflict serious physical injury on the basis of race, color, religion, national origin or sexual orientation.

Menacing, is defined as, but not limited to, any act intended to place a school employee, student or third party in fear of imminent serious physical injury.

Bullying, as defined by Policy #5517.01, as a person who willfully and repeatedly exercises power or control over another with hostile or malicious intent. Bullying can be physical, verbal (oral or written), electronically transmitted or psychological.

Consult the district website for detailed policy information.

Non-Discrimination

The Tri-Valley Local School District is committed to non-discrimination in all policies and actions governing student behavior as well as in other aspects of the educational program and extra-curricular activities. Therefore, all students shall receive equal treatment, service, and opportunities, regardless of race, color, creed, national origin, or sex.

Summary of Student Code of Discipline

These guidelines do not define all types and aspects of student behavior. However, the Board has the responsibility to set forth policies and/or administrative guidelines to help all students conduct themselves in a proper manner as good citizens of the school community.

The Board and Superintendent of Schools may establish written policies and/or administrative guidelines of general application governing student conduct in all schools. In addition, each principal, within his/her school, may establish certain administrative guidelines consistent with those established by the Board and the Superintendent.

Guidelines for Teachers

The effectiveness of the classroom teachers and the activities of the class are a prerequisite to good discipline. Most students will exhibit good behavior when they perceive a teacher who is consistent, fair, and supportive of school policies. The following are necessary for effective discipline:

1. Teachers shall plan sound preventive procedures based on their knowledge of the needs, abilities, and interests of students.
2. Teachers derive authority from state law, Board of Education policy, and administrative direction, and students shall abide by their authority.
3. Teachers are initially responsible for handling behavior problems in the classroom.
4. Teachers are encouraged to seek advice from principals and other supportive personnel on disciplinary matters.
5. Teachers share responsibility for enforcing the accepted code of behavior toward any student whom they observe violating the disciplinary code.
6. Teachers, by their own example, help set the tone for good discipline.
7. Teachers shall acknowledge an error if they have treated a student unjustly.
8. Teachers shall inform students of the high expectations regarding discipline and persist in their fulfillment.
9. Teachers are responsible for initiating parental contact where appropriate and necessary.
10. Teachers concerned with the appropriate enforcement of the Discipline Code shall speak to their immediate supervisor.
11. Teachers shall support administrators in disciplinary matters and avoid every possible chance of undermining the administrator's authority regarding the student.

Guidelines for District and Building Administrators

The administration shall take a shared role in the establishment and maintenance of appropriate discipline in the school and in the enforcement of the Discipline Code in accordance with the following guidelines:

1. Administrators shall interpret to their staff the discipline code and the appropriate steps to guarantee due process each year at orientation time and at other appropriate times as s/he determines or a staff member requests.
2. Principals shall provide personally, in appropriate ways, an interpretation of the discipline code to students in September and at other times as needed for the purpose of reinforcing the teachers' efforts.
3. Since discipline is a prerequisite and a concomitant to learning, principals shall give top priority to counseling with any teacher on a disciplinary situation upon request by either party.
4. Administrators shall support teachers in their discipline and avoid every possible chance of undermining the teachers' authority to the student.
5. Administrators in concert with teachers must provide in-service activities for teachers in classroom management, discipline procedures, follow-up, and any other activities which will help the staff to become as one in discipline.
6. Administrators, supervisors, and teachers shall provide adequate supervision for all school-sponsored activities which they respectively sponsor.

7. The administrator of the school, in cooperation with his/her teachers, shall develop supervisory guidelines for all school-sponsored activities.
8. Administrators shall study environmental factors in their schools in consultation with their teachers and students. Recommendations which will have a positive effect in the area of discipline shall be made to the Superintendent.
9. Administrators receiving parental concerns shall refer the parent to the appropriate teachers as the first step in resolving the situation.

Electronic Surveillance

Attention Students: Please be advised that the building and grounds will be utilizing electronic surveillance equipment to help monitor both student behavior and student activities.

Guidelines for Parents

Students come to school with certain attitudes and predispositions towards adults and the authority which they represent. They also arrive with certain predispositions toward other students as well as to public and private property. It is in the best interest of their children that parents support teachers and administrators in the enforcement of the Discipline Code. Parents can help in maintaining effective discipline as follows:

1. Parents shall be made aware of the Discipline Code at the beginning of the school year, and this code shall be part of the orientation of any new family to the School District.
2. Parents shall be made aware of the need for consistent enforcement of the Discipline Code.
3. Parents shall be notified of any serious or repeated situation regarding their child and shall be afforded an opportunity to meet with the teacher to improve the student's behavior.
4. Parents having a concern involving classroom behavior shall first bring this matter to the attention of the teacher.
5. Parental concerns shall go through proper channels.
6. Parents are responsible for the supervision of their child when s/he is suspended from school. A conference between the parent and principal may precede re-admission.

A violation of any article of the student code of discipline may result in disciplinary action, including suspension or expulsion from school.

The objective of this code is to establish in one compilation such guidelines with regard to the conduct of students in the Tri-Valley Schools which have been deemed appropriate and necessary for the maintenance of a wholesome school climate and shall be applicable to all students in accordance with the law.

Student Lockers

Student lockers, desks, cabinets, and similar property are the property of the Tri-Valley Board of Education provided to students as a convenience for their use. Lockers and other such property carry no expectation of privacy for the students who occupy them. School lockers, desks, cabinets, etc. and their contents are subject to search by school authorities at any time and without warning.

Use of Dogs

In accordance with policy 5571, the Board has authorized the use of specially trained dogs to detect the presence of drugs and devices such as bombs on school property. Dogs, handled by law enforcement officers specially trained to safely and competently work with them, may come to the school and conduct a search without notice, except to the superintendent and building principal. The dogs will be allowed to examine a student's possessions, including vehicles. The dogs may also be allowed to examine school property such as lockers as permitted by the building principal.

Tri-Valley Elementary Schools Dress Code

A student has the responsibility to regulate his/her appearance so as to avoid the disruption of the educational process and the subsequent deprivation of others of their right to an education and an effectively operating educational system. The Tri-Valley Dress Code is designed to ensure the health, welfare, and safety of the members of the student body and to enhance a positive image of our students and the school. Any form of dress or grooming, which attracts undue attention or violates the previous statement, is obviously unacceptable. Clothing and appearance should be decent, discreet, modest, and worn as intended by design.

Students whose style of dress or inattention to hygiene is deemed inappropriate for school will be sent home to change clothes or will be sent to the office to await an arrival of appropriate clothing from a parent/guardian. Absence from class due to this action will be regarded as unexcused. Repeated violations of the dress code will be handled in compliance with Board Policy pertaining to student discipline and could, therefore, result in suspension.

Considering both the above and the fact that clothing and style of dress are personal in nature, many times a situation results in a “judgment call” by the school administration which shall remain the final arbiter.

The following types of clothing are specifically prohibited:

1. Hats, ball caps, bandanas and any other type of head covering are not to be worn or carried in the school building. The only exceptions are pre-announced “hat days” used to raise money for different school organizations.
2. Sunglasses are not to be worn in the school building.
3. Clothing including pins and jewelry, which advertises or promotes the use of tobacco, alcohol, and/or drug-related substances.
4. Any type of emblem, symbol, tattoo, or article of clothing, which portrays or connotes membership in a gang or depicts gang “colors”.
5. Clothing which contains language or pictures which are sexual or suggestive in nature or which contains language that is offensive or, in the view of the staff, is inappropriate.
6. Examples of unacceptable depictions on shirts, or other items at school are as follows: Weapons, Skulls, Snakes, Skeletons, Gang Symbols, Bondage, Violence, Death, Cult/Satanic Symbols or Activities, Obscenities (including but not limited to references to lewd and sexually suggestive, vile, indecent, inappropriate gestures and actions or public nudity which include but are not limited to Big Johnson, Hooters, Co-Ed Naked, and Marilyn Manson articles of clothing).
7. Symbols of violence, death, and cult/satanic activities which intimidates or offends other students or staff, and the drawing of these symbols on backpacks, notebooks, and assignments are prohibited.
8. No tank tops, 1/2 shirts, bare midriff shirts, see-through clothing, halter-tops, mesh shirts, torn, cut, and/or frayed clothing. Also, no skintight spandex clothing worn as an outer garment, black sole shoes or street shoes on the gym floor, dog chain collars, or chains are to be worn. Exceptions to the rule include small necklaces around the neck and small bracelets around the wrist and ankle.
9. Clothing, jewelry, and hair must be worn in such manner so as not to be distracting, disruptive, offensive or a safety hazard.
10. Appropriate undergarments must be worn.

Tri-Valley High School and Middle School Dress Code

This Dress Code was designed in a collaborative effort between the students, the teaching staff, and the secondary administration of the Tri-Valley Local School District. The Tri-Valley High School/Middle School dress code is designed to ensure the health, welfare, and safety of the members of the student body. The dress code should create a positive image of our students and the school. Each student has the responsibility to regulate his/her appearance in order to avoid the disruption of the educational process. Any form of dress or grooming that attracts undue attention or interrupts the educational process is unacceptable. Clothing and appearance should be decent, discreet, modest, and worn as intended by design.

Students whose style of dress or inattention to hygiene is deemed inappropriate for school will be sent home to change or will be sent to the office to await an arrival of appropriate clothing from a parent/guardian and/or assigned the designated discipline. Absence from class due to this action will be regarded as unexcused. Repeated violations of the dress code will be handled in compliance with Board Policy pertaining to student discipline and could, therefore, result in suspension.

Considering both the above and the fact that clothing and style of dress are personal in nature, there may be times a situation results in a "judgment call" by the school administration which shall remain the final arbiter.

The following types of clothing are specifically prohibited:

1. Head coverings (hats, hoods, etc.) of any kind **are not** to be worn in the school building. (Unless designated as a fund-raiser.)
2. Sunglasses **are not** to be worn in the school building.
3. Any clothing or objects that contains writing and/or pictures that have double meaning, are suggestive, are violent, are sexual or gang related in nature **are not** permitted. Clothing and other objects **should not** be offensive, **revealing**, distracting or disruptive to the school learning environment.

Note: The outermost garment must meet the proposed guidelines detailed in item numbers 4, 5, and 6.

4. Shorts, skorts, dresses, skirts and other lower torso items must be at knee length when standing up. Skirts/dresses can only contain a slit in the back; front or side slits are not permitted, unless the slit is below the knee.

Exception: Skirts may be mid-thigh or below when standing up if worn with leggings/hose that extend at least to the knee.

5. Pants need to be at the waist or sitting on the hips at all times.
6. Holes in jeans/pants are not permitted above the knee. Frays/stress points are permitted as long as no skin is visible. The decision of the Administrator is final.
7. All shirts/tops must have sleeves and cover all undergarments standing or sitting. Exception: During formal or semi-formal activities, dresses may be worn that do not have sleeves. Bare midriff (showing of skin) front or back, standing or sitting, **will not** be permitted. This would include tops that are too revealing.
8. All footwear must be appropriate and safe for the school environment. Examples would include but not be limited to: shop areas, lab areas, and physical education areas.
9. Pajama bottoms **are not** permitted.

10. Offensive body markings or hairstyles which may create a disturbance to the educational process **will not** be permitted (tattoos, face painting, or a non-natural hair color).
11. Body piercing is limited to one (1) facial piercing other than the ears. *All piercing must be petite in size or be a clear stud.*
12. All jewelry should be appropriate for an educational environment. Small necklaces around the neck, wrist, and ankle areas are permitted. Chains **are not** permitted.

If something is questionable in your mind, do not wear it or bring it to school.

If the teacher feels the student is not meeting the standards of the dress code, or causes a disruption in class, the student shall be referred to the office by written documentation from the teacher in order to maintain the fairness and consistency of the guidelines.

The building administrator shall make the final decision on all questionable cases.

In accordance with the previous standards, administrators and teachers have the right to issue warnings and refuse to admit to school or class those students who violate the dress code.

For those students who will not accept the responsibility of living up to the code's minimum standards, the appropriate discipline control program shall be followed.

Nothing in this guideline shall be interpreted to limit the responsibility of teachers to enforce guidelines concerning the control of hair or clothing in the interest of safety or full participation in any specific teaching situation.
