

Summer Reading Challenge

Prevent the summer slide!

Research says that students who do not read during the summer will experience a decrease in their reading level. On the other hand, students who read regularly during the summer, often improve their reading level and ability!

As an added incentive to read, students will be awarded prizes based on the number of hours they read during the summer. They will earn 1 ticket for every hour they read! Then, they can place those tickets into containers for a chance to win the prizes they want. The more hours they read, the more chances they will get. Kids have to read a minimum of 10 hours to be eligible for prizes!

Level 1	Level 2	Level 3
10 minutes per day Or 10 hours over the summer break	15 minutes per day Or 15 hours over the summer break	20 minutes per day Or 20 hours over the summer break
